OBJECTIVE

To leverage my leadership skills, technical expertise, and innovative mindset to lead high-performing teams in delivering scalable, efficient, and impactful software solutions. I aim to contribute to strategic decision-making, mentor developers, and drive technological advancement through modern frameworks and creative problem-solving in a collaborative environment.

SKILLS & ABILITIES

- Programming Languages: PHP, C#, C++, JavaScript, Python
- Databases: MySQL, Oracle, SQL Server
- Frameworks: Laravel, FastAPI, ASP.NET, Vue.js, React.js
- Tools & Platforms: Git, GitHub, GitLab, Tableau, RStudio
- Web Technologies: HTML, CSS, React JS, Vue.js, Bootstrap
- Web Servers: Apache, Nginx
- Business Platforms & ERP: Shopify, Odoo
- Shell Scripting
- Operating Systems: Windows, Linux, macOS
- Others: Requirement Analysis & Database Design, Documentation and Reporting

EXPERIENCE

January, 2023 – Present
Principal Software Engineer
Nagorik Technologies Ltd.

- Led the design, development, and deployment of scalable software solutions.
- Collaborated cross-functionally to define architecture, ensure code quality, and mentor engineering teams.
- Customized Shopify storefronts and built apps on the Shopify platform.
- Developed and customized Odoo ERP modules, including accounting workflows.
- Implemented WebSocket-based real-time communication features
- Built RESTful APIs using Laravel; deployed apps on Nginx.
- Drove technical strategy, optimized system performance, and guided projects from conception to delivery.

February, 2019 – December,2022
Assistant Computer Programmer
Bangabandhu Sheikh Mujibur Rahman Digital University, Bangladesh

- Developed software in PHP Laravel and CodeIgniter Framework.
- Worked on the Student Management System and ERP system to automate academic and administrative processes.
- Conducted Requirement Analysis & Database Design.
- Handled Documentation and Reporting.

December, 2018 – February, 2019
Software Engineer
Opsonin Group

- Maintaining Data Warehouse using Oracle.
- Developed Software in Oracle Forms and Report Builder.
- Contributed to the Procurement Management System and Warehouse Management System.
- Conducted Requirement Analysis & Database Design.

December, 2017 – December, 2018
Lecturer, Department of CSE,
World University of Bangladesh(WUB)

- Organize tutorial discussions, conduct class and laboratory experiments.
- Supervision to undergraduate thesis and project students.
- Writing research proposals, papers and other publications.

EDUCATION

Master in Information Technology
Result: GPA: 3.18 | IIT, University of Dhaka
B.Sc. (Engg.) in Computer Science and Engineering (CSE)
Result: CGPA:3.23 | Khulna University of Engineering and Technology
Higher Secondary Certificate (H.S.C)
Result: GPA: 5.00 | Notre Dame College College
Secondary School Certificate (S.S.C)
Result: GPA: 5.00 | Comilla Zilla School

TRAINING

- Oracle database 10g: Program with PL/SQL (Oct' 2014 – Jan' 2015) IBCS-PRIMAX
- Data Visualization using Tableau

CERTIFICATION

- B-TopSE Architecture Practitioner Course – Certificate of Completion
- Oracle Certification Program (Oracle Database 11g: SQL Fundamentals Certified
- Oracle Database 10g (Program with PL/SQL)

RESEARCH EXPERIENCE

- **Automated Bengali Document Summarization by Collaborating Individual Word & Sentence Scoring.**
  Published: 2018 21st International Conference of Computer and Information Technology (ICCIT)
- **Evaluation of Machine Translation Approaches to Translate English to Bengali.**
  Published: 2017 20th International Conference of Computer and Information Technology (ICCIT), 22-24 December, 2017).
